

TS004

Be Bold, Go Wild!

Embark on wild adventures with the TS004, a thermal imaging monocular engineered to reveal the unseen, even in total darkness. Boasting a 13mm lens, it spots targets up to 1228m meters away. With a recognition range of up to 150m! It sees through dense fog and vegetation, revealing wildlife, people and objects with ease.

Enjoy Clear thermal images with its high IR resolution of 256x192 and a smooth 50Hz refresh rate, delivering delicate details of your surroundings. Built tough for the most rugged terrains, its IP67 waterproof rating ensures durability in any environment, from muddy trails to dense woods! With over 11 hours of battery life on a full charge, its your trusty companion for those extended adventures.

Features:

- Extensive Detection Range of up to 1228m (1342yd)
- Clear Recognition Range of up to 150m (164yd)
- Superior Image Quality with an IR Resolution of 256x192
- Smoother Thermal Images with a 50Hz Refresh Rate
- IP67 Waterproof Rating
- 11Hr of Continuous Use with 5000mAh Battery
- Built in 32GB storage
- Powerful 8x Digital Zoom
- Wireless Connection and Monitoring via the TopInfrared App
- Supports Photo Capture and Video Recording with Audio
- One Handed Operation & Compact Design
- 5 Colour Palettes
- Doubles as a Flashlight (LED)

Specs:

- Resolution: 256x192
- Focal Length: 13mm
- Detection Range: 1228m (1342yd)
- Magnification: 1x, 2x, 4x & 8x
- Frame Rate: 50Hz
- Battery Capacity: 5000mAh
- Waterproof Rating: IP67
- Weight: 310g
- Dimensions: 180x64x54mm
- Operating Temperature: -20C to 45C

What's in the Box:

- Thermal Camera TS004
- USB Data Cable
- Storage Bag
- User Manual
- Hanging Strap
