

ONE Lite

The One You Can Trust

The TOPDON ONE Lite combines rapid, accurate diagnostics with comprehensive system coverage and dealer-level capabilities. Its intelligent repair guidance, network mapping, and advanced communication protocols, supported by Wi-Fi communication, ensure efficient workflow for technicians.

The TOPDON ONE Lite supports more than 50 maintenance functions, including resets, adaptations, and calibrations used in routine service work.

Features:

- CAN-FD/DoIP/J2534 Supported
- 50+ Maintenance Services
- ECU Coding
- OE-Level Topology
- TopFix AI: Integrated Fault Data and Repair Guidance
- The TOPDON ONE Lite supports authorised access for FCA, Renault, Nissan, and other SGW-equipped models.
- The ONE Lite uses dual Wi-Fi modules to maintain stable communication and high-speed data transfer between the tablet and VCI.
- Coverage for 120+ Brands
- View up to 12 live parameters simultaneously for easier comparison.
- Generate structured diagnostic reports
- Integrates with BTMobile ProS
