Phoenix Smart

Smart Tech for Smart Professionals

The Phoenix Smart is part of TOPDON's new generation of intelligent diagnostic tools. Equipped with quad-core processors and a 10.1 inch HD touch screen, this tool allows you to diagnose fault codes with one click. Its 12600mAh battery can work all day without fear of losing power. The Phoenix Smart also supports Cloud-Based Programming for over 13 car brands and includes 2 years of free software upgrades. Combined with the MDCI Pro, this scanner gives you unprecedented coverage, intelligent diagnoses, and a wide array of maintenance functions.

Features:

- Cloud Based Coding/Programming (15+ brands)
- FCA, Renault & VAG Security Gateway Compatible**
- Supports TOPDON ADAS, HD Diagnostics and Battery Testing
